### Specifications for electronic files

Please use only these file formats and specifications when sending advertising electronically:

- For PDF documents: **Make sure to embed all fonts** (subset all below 100%) when distilling. Do not downsample artwork resolutions. Please set the distiller job options to compatibility with Acrobat 4 or higher. The color mode should be CMYK.
- For Adobe InDesign documents: Use only Mac Type 1 Postscript fonts. Photos should be at 200 dpi, line art at 1200 dpi. Include copies of all fonts used (printer and screen components, please), and make sure all graphics (TIFF, EPS or JPEG) are sent along with the InDesign CS or CS2 file. If emailing, please stuff the document and accompanying files and fonts into a Stuffit archive.
- You may also send ads as 300 dpi TIFF files.
- When sending just photos, use TIFF or JPEG format. Photos should be at 200 dpi, line art at 1200 dpi.
- Please do not design ads using Microsoft Word, this will only be accepted for the content of an ad.**
